1. It is noted that the Department of Clinical Oncology of Tuen Mun Hospital has already organized a structured and comprehensive regular academic meeting since 2003. The Palliative Medicine Subspecialty Board had reviewed such programme and endorsed that such meetings are equivalent to the meetings organized by the Palliative Medicine Subspecialty Board.
2. It is also noted that individual training center will have some palliative medicine meetings that the trainees should be encouraged to attend. Such meetings can be applied to the Board as equivalent training meetings in advance provided that such meetings are open to all trainees. The attendance/presentation of the trainees in these meetings can be credited as equivalent attendance/presentation of the training course organized by the Palliative Medicine Subspecialty Board.
