Hong Kong College of Radiologists

Spring Issue / April 2007

## From the Editor

It's been quite a long time since our last issue of newsletter, and I must apologize for the delay in publication. The delay was mainly due to some technical problems encountered while we were changing the layout and colour of our newsletter. The previous issue of newsletter, our 1st colour issue, was not too well-received by members, and we have decided to use another format and layout.

If you have any comments regarding the design or content of the newsletter, or you have articles that you would like to contribute, please send them to me at dtchua@hkucc.hku.hk. Lastly, I would like to welcome our new editorial board member Dr Cicero Kei.

## PRESIDENT'S JOTTING

First of all, it is with deep sadness to inform our members the passing of Mr. Peter Mark, our Honorary Legal Advisor and Honorary Fellow, on 25<sup>th</sup> January 2007. Mr. Mark had been our Legal Advisor since the preparatory stage and the inception of our College in 1989. He had been most helpful and was always on hand to answer any legal queries, no matter how trivial the issues may be. With his help, the College had been sailing smoothly, in fact just before his death, he had completed a major revision of our Memorandum & Articles and Bylaws in December 2006. His passing away is a great loss to the College and we will greatly miss his wise counsel. I am privileged to write the obituary for Mr. Mark to be included in this current edition of our Newsletter.

*Mr. Mark had been our Legal Advisor since the preparatory stage and the inception of our College in 1989...we will greatly miss his wise counsel.*

After the successful joint scientific event, which had been planned since 2 years ago with the International Cancer Imaging Society (ICIS) of the Cancer Imaging Seminar in February, the College again is kept very busy with our accreditation of all the training centres in radiology. The last accreditation visits were carried out 5 years ago. However, before these accreditation visits could take place, there had been in last years, major revision of our training curriculae, review of training facilities and support requirement of training centres. The entry into training logbooks had been transformed into electronic format, utilizing and capturing the electronic data system of the Radiology Information System in the training centres. To these, we are grateful to the hard work of Dr. Peter Choi, Dr. Lam Hon Shing and members of

to be appointed

Education Committee for their months of hard work. We are also grateful to have the assistance of The College of Surgeons of Hong Kong with their support of four surgical specialists as our external assessors in these visits. Their presence and inputs as external assessors were most valuable to enable the assessment to the centres more comprehensive. It is gratifying that all centres have been working diligently towards this to fulfill the requirements. The efforts of the comprehensive assessment has been well appreciated by all involved realizing that such requirements and such efforts are aimed to produce radiologists as well trained, knowledgeable in all facets in radiology, of high standard and to be contributive in their delivery of specialist service to the Community.

Recently, there have been works to review our financial status regarding our regular operations. Our Honorary Auditor, being a member of our Finance Committee, has been regularly advising us on the College's financial matters and other relevant issues. Our Auditor has alerted the College that though we have very sound and outstanding *reserve*, it is the healthy day-to-day balance that is important to achieve. During recent years, with the escalating costs in almost everything especially in Journal production, organization of academic/scientific activities and meetings, staff revenues, office maintenance etc, coupled with no comparative increase in our *regular* incomes, we find our balance sheets need our full attention. Our College is proud to sustain our high standard training and qualifying activities, to organize many scientific events, to act as participants /advisors in professional matters and to maintain good local and international academic network. It is the directives that these activities will be supported and expanded and will not be jeopardized. As such, the College, in this financial review, we are focusing on how to slim on the production costs of our other activities like the Journal, office maintenance, printing and communication costs etc. We are also looking into modifications of delivery of our service and work. The exercise has involved all our Committees, Subcommittees/ Workgroups and our secretarial staff. We are grateful to their assistance and commitments. In the months ahead, our members may perceive possible changes such as change of publishers, more electronic communication etc. These most likely are result of our efforts to achieve a healthy balance of our day-to-day operations.

*Lilian Leong*

# Obituary

Our College is deeply saddened by the passing away of Mr. Peter Mark on the 25<sup>th</sup> January 2007 after a sudden and short illness. Mr. Mark had been our highly respected Honorary Legal Advisor ever since the preparation of the setting up of our College in 1989. He was instrumental in the drafting of the Memorandum and Articles of the College and our Bylaws. It was in his enormous contributions to our College that he was made an Honorary Fellow.

Mr. Mark passed away at age 76. He was a student both in Diocesan Girls' School and Diocesan Boys' School in the post war period in 1940s'. He obtained this

B.A. in University of California, Berkeley in United States. He qualified as Solicitor of Hong Kong in 1963, Solicitor of the Supreme Court of Judicature of England in 1969, Notary Public of Hong Kong in 1970 and Barrister & Solicitor of the Supreme Court

of Victoria, Australia in 1984.

Mr. Mark had contributed immensely to public service, especially to our medical profession. Amongst the long list, his public services included serving as Director/ Committee Members in Tung Wah Group of Hospitals; Hong Kong Federation of Youth;

Disciplinary Committee Panel-Legal Practitioners Ordinance (Cap.159); Seamen's Board of Reference, Merchant Shipping (Recruitment of Seamen) Ordinance (Cap.135); The Hong Kong Society of Notaries. He was the Honorary Legal Advisors of Kowloon Tsai Home Owners' Association, Hong Kong College of Physicians, Hong Kong College of Obstetrics and Gynaecologists, The Hong Kong College of Pathologists, Hong Kong College of Radiologists, Hong Kong College of Pediatricians, Hong Kong College of Cardiologists, Hong Kong Academy of Medicine, Hong Kong Society of Transplantation, Hong Kong Museum of Medical Sciences Society, The Hong Kong Institute of Allergy, Diabetes Hong Kong Limited, The University of Hong Kong Medical Alumni Association Limited and the Asia Pacific Menopause Federation.

For those who got to know Mr. Mark and who had worked with him, they were amazed at the vast amount of knowledge, both on legal matters and on other worldly matters that Mr. Mark had and the selfless sharing of his knowledge with others. His professionalism, his enthusiasm and his warm personality earned him much respect and friends. For myself, apart from working closely with Mr. Mark in our College, Hong Kong Academy of Medicine and Hong Kong Museum of Medical Sciences Society, I am also privileged to know him personally. Mr. Mark impressed me as always cheerful, helpful, resourceful, well knowledgeable and a most pleasant company. We frequently had long discussion on management, commitments and improvement projects. During these discussions, he of course, played the role as the philosopher and teacher. I being the student, had learned a lot from his views and experience.

His passing away is a great loss to our College, our profession and our society. We will miss his wise counsel. The College will always be in debt and thankful to his contributions and the support he and his colleagues had given us throughout the years. Our sincere condolence goes to his family.

*Lilian Leong*

## The 11th Asian Oceanian Congress of Radiology

The AOCR is a major biennial Congress for radiologists in Asia and Oceania, organized by the Asian Oceanian Society of Radiology (AOSR).

The Hong Kong College of Radiologists is honoured to host the AOCR in 2006. The Congress was successfully held at the Hong Kong Convention and Exhibition Centre from 6th to 9th August 2006. The theme of the Congress was : "From Nano to Cosmos". More than 1500 participants from 40 countries took part in the meetings and activities at the Congress. 278 abstracts had been accepted, among which were 144 electronic posters. Eleven overseas delegates attended the Congress with the

subsidy of the AOSR Fellowships, the selection of whom being based on the academic merit of their abstract submissions.

For the scientific programme, over 80 international and local distinguished and renowned speakers delivered lectures which were held in 4 to 5 venues in parallel sessions to

*More than 1500 participants from 40 countries took part in the meetings and activities at the Congress.*

accommodate the multifarious and comprehensive programme.

CME/CPD credits had been accredited by many organizations, including the UEMS-EACCME, the Royal College of Radiologists, the Royal Australian and New Zealand College of Radiologists,

the Hong Kong Academy of Medicine and the Academy Colleges. The Smart Card system was employed as the recording system for attendance at the various scientific activities of the Congress.

The Opening Ceremony was graced by the presence of many dignitaries. A very special Lion Dance "Mui Fa Chong" brought the occasion to a climax. After the ribbon-cutting ceremony, guests and delegates toured the technical exhibition and showed great interest in and admiration for the magnificent and impressive displays at the booths, some of which were quite gigantic. Various cultural activities were organized at the Congress venue, including fortune telling, grasshopper weaving, rainbow calligraphy, and tea ceremony. The huge wishing tree and green corner with the massage chairs also attracted a lot great deal of interest.

Other notable social and cultural activities were organized for participants to enjoy including a Cultural Evening, Congress Dinner, and Disneyland visit. The Cultural Evening featured performances by a percussion band (the Four Gig Heads), the Hong Kong Children's Choir, and violin solo performance. The Disneyland trip outing was well attended and participants took the opportunity to have their photos taken with Mickey Mouse and Minnie before they ventured into the park.

The Congress Dinner was held at the City Hall Maxim's Palace. Participants enjoyed cultural performances during dinner: including "Face-Changing" and "Peking Noodle-making". The lucky draw featured exciting prizes, which included B747-400 (Premium Series) aircraft models. Delegates and speakers from various countries performed gave impromptu performances at the karaoke

*The 11th Asian Oceanian Congress of Radiology 2006 (AOCR 2006)...*

amid thunderous applause adding to the amusement and merriment of the evening. It was an evening to remember and everyone had a great time.

Two AOSR Gold Medals were awarded during the Congress Dinner. The Gold Medal is established to recognize and honour an individual who has made significant contributions to Radiology throughout their career of training and education in the region and internationally. The distinguished recipients are Professor Guozhen Li and Professor Anne G. Osborn.

A Photo Competition was held so that participants could exercise their artistic talents. The award winning pieces entries were displayed at the Congress venue, and the prizes were awarded at the Closing Ceremony.

The organizers would like to thank the various parties for contributing to the success of the Congress, including members of the organizing committee, our chairpersons, abstract reviewers, judges, audio-visual team, secretaries, ambassadors and student helpers, and our sponsors for their unstinting and enthusiastic support.

The 12<sup>th</sup> AOCR will be held in Seoul, Korea in 2008. Looking forward to seeing you again in Seoul!

# Congratulations!

Our President, Dr Lilian Leong, was awarded the College Gold Medal by the Royal College of Radiologists. Dr Leong received the award in person at the Ceremony for New Fellows in London in November 2006.

Quoting the words of Professor Janet Husband:

"This award is richly deserved, for Dr. Leong has been a staunch supporter of the College for many years and has ensured that generations of clinical radiologists and clinical oncologists have trained to the highest educational standards set by the College. Her passion for radiology, her dedication and unwavering commitment to improving education in both of our specialties sets a shining example for us all. "

Answer to Film Quiz:  
Emperor: Dr David Spooner; Empress: Dr R.J. Grievé. Photo taken by Mrs. Grievé at the Jumbo Floating Restaurant.

## Film Quiz:

Identify the persons dressed as Emperor and Empress.....(answer at the bottom of this page)

## Thank you!

A Christmas lunch gathering was held in December 2006 at the Intercontinental Hotel to thank the hardworking staffs of our College.

## From CME/CPD Subcommittee:

### **Revision of Principles and Guidelines on Continuing Medical Education (CME) and Continuous Professional Development (CPD) of Hong Kong College of Radiologists**

I am pleased to inform you that the College's CME/CPD Principles and Guidelines have been recently revised to incorporate the followings:

- (1) Revision of CME/CPD Principles and Guidelines of Hong Kong Academy of Medicine.
- (2) The name of CPD Subcommittee has been revised as CME/CPD Subcommittee.
- (3) Minor alterations in wording to clarify specific statements and the CME/CPD point application procedures.

Our revised guidelines have been endorsed by the Hong Kong Academy of Medicine at its Council meeting held on 20 July 2006, and have been implemented in September 2006. The full version of the revised guidelines have been uploaded onto our College homepage at <http://www.hkcr.org>.

Attention is particularly drawn to the new arrangement of CME/CPD points for passive participation, and starting from 1 January 2008, no more than 75 points can be awarded for passive participation in a cycle. There are also changes in CME/CPD accreditation and application for publication and self-study materials. Furthermore, 3 sets of application forms were designed for different purpose of activities. These include:

- (1) Application form for Local/Overseas Educational Activities
- (2) Application form for Publication & Self Study
- (3) Application form for Quality Assurance and Audit Activities

Application for particular activities should be submitted to the CME/CPD Subcommittee prior to the dates of the activities. Fellows are advised to check the prevailing list of pre-approved overseas conferences posted on the College website from time to time.

To facilitate the submission of summary report to HKAM, Fellows are required to submit their log sheet to College secretariat by 31 January of each cycle year.

The College Council has also resolved at its meeting in May 2006 that an administrative fee for late submission of CME/CPD log sheet will be charged. You may refer to the administrative fee schedule posted on the College website for details.

Due to resources constraints, the Council has endorsed in April 2006 that once a Fellow has reached 90 CME/CPD points, the College would cease managing his/her CME/CPD credits applications. However, the attendance record captured by manual/electronic system will be kept uploading to his/her CME/CPD profile in the iCMECPD. Fellows are advised to keep their personal CME/CPD profile for their own record and for annual submission to the College.

If you have any queries on the revised guidelines and regulations, please do not hesitate to convey them to the College Secretariat at 2871 8788 or email via [admin@hkcr.org](mailto:admin@hkcr.org).

## COLLEGE EXAMINATION & ASSESSMENT SUCCESSFUL CANDIDATES

### *EXAMINATION*

#### **Joint Final Examination for Fellowship: October 2006**

#### **Clinical Radiology**

Date: 24-26 October 2006  
Venue: 3/F, Block H, Department of Radiology, Queen Mary Hospital  
Examiners: Dr. David LINDSELL(Senior Examiner), Dr. Rob J PECK, Dr. TSO Wai Kuen, Dr. Ann KING, Dr. John LO, Dr. IU Po Ping.

#### **Successful Candidates:**

Dr. CHAN Kar Ki, Katherine (Tuen Mun Hospital); Dr. CHAN Tin Sang Augustine (Pamela Youde Nethersole Eastern Hospital); Dr. CHU Cheuk Man (Prince of Wales Hospital); Dr. FUNG Hon Shing (Queen Elizabeth Hospital); Dr. HUI Ping Kuen John (Tuen Mun Hospital); Dr. HUNG Hiu Yee (Prince of Wales Hospital); Dr. IRODI Aparna (The Queen Elizabeth Hospital, South Australia); Dr. KHOO Ree Nee (Tan Tock Seng Hospital, Singapore); Dr. KUMAR Mandeep (Spiral CT and MRI Centre, India); Dr. KWOK King Ming (United Christian Hospital); Dr. LIM Sze Ying (Singapore General Hospital, Singapore); Dr. LIU Tze Hsien Eugene (National University Hospital, Singapore); Dr. LO Li Lin, Lena (Changi General Hospital, Singapore); Dr. LOKE Siu Cheng (Tan Tock Seng Hospital, Singapore); Dr. TEO Kiat Beng Terence (Singapore General Hospital, Singapore); Dr. TONG Mei Po Mabel (Prince of Wales Hospital); Dr. WONG Chun Ming Daniel (Tan Tock Seng Hospital, Singapore)  
Dr. WONG Suet Wan (Queen Mary Hospital).

#### **Clinical Oncology**

Date: 25-26 October 2006  
Venue: 4/F, Block R, Department of Clinical Oncology, Queen Elizabeth Hospital  
Examiners: Dr. David SPOONER(Senior Examiner), Dr. R J GRIEVE, Dr. NGAN Kai Cheong Roger, Dr. CHUA Tsin Tien Daniel, Dr. YAU Tsz Kok.

#### **Successful Candidates:**

Dr. CHAN Siu Hong (Pamela Youde Nethersole Eastern Hospital); Dr. LEUNG Kwong Chuen (Queen Elizabeth Hospital); Dr. WONG Siu Yu (Tuen Mun Hospital); Dr. YEUNG Nga Yan (Queen Elizabeth Hospital).

*Examination and assessment results...*

**Palliative Medicine Board Examination**

Date: 20-21 November 2006

Venue: 4F, Block R, Department of Clinical Oncology, Queen Elizabeth Hospital

Examiners: Professor Peter HOSKIN, Dr. WONG Kam Hung, Dr. SZE Wing Kin, Dr. YEUNG Mei Wan

**Successful candidates:**

Dr. NG Wai Man Josephine (Queen Elizabeth Hospital); Dr. LO Sing Hung (Tuen Mun Hospital); Dr. NG Ting Ying (Tuen Mun Hospital); Dr. LIU King Yin Rico (Queen Mary Hospital); Dr. WONG Chi Sing Frank (Tuen Mun Hospital); Dr. SOONG Sung Inda (Pamela Youde Nethersole Eastern Hospital); Dr. TONG Macy (Princess Margaret Hospital); Dr. YAU Sau Han (Prince of Wales Hospital).

***ASSESSMENT***

**Exit Assessment : January 2007**

Date: 17 January 2007 (Wednesday)

Venue: Examination Room 5, 2/F, Hong Kong Academy of Medicine Jockey Club Building

**Radiology**

Chairman of Assessment Panel: Dr. Peter HK CHOI

Assessors: Dr. Susan CHAN and Dr. Y.L. CHAN

**Successful candidates:**

Dr. CHIU Sau Hin Sonny (Kwong Wah Hospital); Dr. CHO Hing Yan Danny (Tuen Mun Hospital); Dr. CHU Leysia (Pamela Youde Nethersole Eastern Hospital); Dr. PANG Bik Yiu Clara (Queen Mary Hospital); Dr. YANG Kwok Wai Michael (United Christian Hospital).

**Clinical Oncology**

Chairman of Assessment Panel: Dr. Peter HK CHOI

Assessors: Dr. Roger K.C. NGAN & Dr. T.K. YAU

**Successful candidates:**

Dr. LEE Ann Shing (Tuen Mun Hospital); Dr. SUEN Joy See Joyce (Prince of Wales Hospital); Dr. TSANG Wai Kong (Prince of Wales Hospital).

Examination Calendar

CLINICAL RADIOLOGY**

**JOINT FINAL EXAMINATION FOR THE FELLOWSHIP - PART B**

**Autumn 2007 Examination Dates:** Week commencing 22 October 2007

**Application Closing Date:** 27 July 2007 5:30p.m.

**Examination Fee:** HK\$16,560      **Venue:** Hong Kong

**Admission Ceremony Date:** 27 October 2007

**Apply to:** Hong Kong College of Radiologists

**JOINT EXAMINATIONS FOR THE FELLOWSHIP  
CLINICAL ONCOLOGY**

**JOINT FINAL EXAMINATION FOR THE FELLOWSHIP**

**Autumn 2007 Examination Dates:**

Written Papers: 24 September 2007

Oral and Clinical Examinations: Week commencing 22 October 2007

**Application Closing Date:** 27 July 2007 5:30p.m.

**Examination Fee:** HK\$23,205      **Venue:** Hong Kong

**Admission Ceremony Date:** 27 October 2007

**Apply to:** Hong Kong College of Radiologists

**NOTES**

1. Please read Guidance Notes for Examination Candidates carefully before submitting an application. This document contains important information to assist with submission of an acceptable application.
2. Cheques for the Joint Examination for the Fellowship should be made payable to " Hong Kong College of Radiologists" .
3. Please address any queries, correspondence and application forms concerning the Joint Examinations for the Fellowship to the Hong Kong College of Radiologists.
4. The Royal College of Radiologists will additionally hold its own examinations as detailed below.

First FRCR Examination in Clinical Radiology

Spring 2007, Summer 2007 and Winter 2007

Final FRCR Examination Part A in Clinical Radiology

Spring 2007 and Autumn 2007

Final FRCR Examination Part B in Clinical Radiology

Spring 2007 and Autumn 2007

First FRCR Examination in Clinical Oncology

Spring 2007 and Autumn 2007

Final FRCR Examination in Clinical Oncology

Spring 2007 and Autumn 2007

It will be possible to sit:

Part A of the Final FRCR Examination in Clinical Radiology, in Hong Kong at both the Spring and Autumn 2007 sittings.

The First FRCR Examination in Clinical Oncology and the written papers of the Final FRCR Examination in Clinical Oncology in Hong Kong at both the Spring and Autumn 2007 sittings.

## Examination calendar...

Full details of all 2007 FRCR Examinations may be obtained from the Examinations Secretary at the Royal College of Radiologists, to whom applications must be submitted.

2nd Joint Scientific Meeting of  
The Royal College of Radiologists & Hong Kong College of  
Radiologists  
and  
15th Annual Scientific Meeting of Hong Kong College of  
Radiologists  
October 27-28, 2007  
Genito-urinary Imaging and Oncology/Cardiac Radiology/PET-CT

The 2nd Joint Scientific Meeting of the Royal College of Radiologists & Hong Kong College of Radiologists and our 15th Annual Scientific Meeting of Hong Kong College of Radiologists will be held on 27-28 October 2007 (Saturday & Sunday) at the Hong Kong Academy of Medicine Jockey Club Building. You are cordially invited to submit abstracts for presentation in the proffered paper session, or poster presentation.

As in last year, there will be awards for the best Radiology, Clinical Oncology and Nuclear Medicine papers presented in the ASM: The Hong Kong Society of Diagnostic Radiologists Trust Fund Award, Hong Kong Society of Clinical Oncology Best Paper Award and Hong Kong Society of Nuclear Medicine Best Paper Award. The Young Presenter's Award in Radiology, Clinical Oncology and Nuclear Medicine (i.e. Award for the best proffered paper presented orally by an investigator who is not yet accredited and is now receiving radiological training in a recognized training programme) will be sponsored by Dr. Lilian Leong, Dr. Lau Wai Hon, and Hong Kong Society of Nuclear Medicine respectively.

The form and abstract file should reach the College Secretariat, on or before 31st July 2007. For details, please refer to the notes on submission of abstracts in the abstract form.

Accepted abstracts will be printed in the Programme Book if the Presenting Author has registered and paid the registration fee in full by 27th September 2007

Authors are required to submit abstracts in electronic format together with the abstract form, which can be downloaded from our College's website: <http://www.hkcr.org>. Photocopies and submission by fax will not be accepted.

Deadline for submission of abstracts : **31st July 2007**

14th Annual Scientific Meeting and 7th Ho Hung Chiu Lecture  
Sixth Joint Ceremonies for the Admission of New Fellows of the Royal College of Radiologists and Hong Kong College of Radiologists

14th ASM: Poster Presentations

14th ASM: Technical Exhibitions

New Fellows of HKCR

New Fellows of RCR and RCR Examiners

A series of exciting activities were held at the Hong Kong Academy of Medicine Jockey Club Building on 28 October 2006. Renowned overseas and local speakers had delivered lectures on various topics at the 14th Annual Scientific Meeting. The evening then started off with the Sixth Joint Ceremonies for the Admission of New Fellows of the Royal College of Radiologists & Hong Kong College of Radiologists. Radiology colleagues, family and friends came to this historical occasion to show their support for our newly admitted Fellows. After the Joint Ceremonies, Dr. York YN Chow, SBS, JP, had delivered the Seventh Ho Hung Chiu Lecture entitled "Image and Imaging of Healthcare". The Dinner of the Colleges was then held in the Run Run Shaw Hall at the Academy Building. Successful candidates brought their friends and families along to these memorable events.

## Cancer Imaging 2007 - Joint Meeting of the International Cancer Imaging Society & Hong Kong College of Radiologists

The Joint Meeting of the International Cancer Imaging Society (ICIS) & Hong Kong College of Radiologists (HKCR) was successfully held at the Hong Kong Academy of Medicine Jockey Club Building on 10-11 February 2007. There were more than 400 radiologists and allied health professionals registered. The scientific programme covered important aspects of malignancy in the head and neck, thorax, abdomen, musculoskeletal and gynaecological systems. The Faculty had been highly commended and the lectures were well received. Apart from promoting radiological science advancement, the meeting provided an education opportunity for the exchange of knowledge and experience in modern-day cancer

**The 41<sup>st</sup> Singapore-Malaysia Congress of Medicine**  
**19 to 22 July 2007, Singapore**

The 41<sup>st</sup> Singapore-Malaysia Congress of Medicine will be held at the Raffles City Convention Centre in Singapore from 19 to 22 July 2007.

The Academy of Medicine, Singapore will also be celebrating its 50<sup>th</sup> Anniversary. The theme of the Congress will be "*Redefining Gold Standards in Medicine: The Next Chapter*".

The following speakers from the Hong Kong College of Radiologists have been invited to deliver lectures at the Congress:

| Speaker   | Lecture title  |
|---|--|
| <b>Dr. Gregory Ernest Antonio</b><br>Associate Professor<br>Department of Diagnostic Radiology and Organ Imaging<br>The Chinese University of Hong Kong | <b>New advances in joint imaging</b><br><br><b>What surgeons need to know for musculoskeletal tumour imaging</b> |
| <b>Dr. Stephen CW Cheung</b><br>Associate Consultant<br>Department of Radiology<br>Queen Mary Hospital  | <b>Pitfalls and variants in cardiac MR</b>   |
| <b>Dr. Khong Pek Lan</b><br>Associate Professor<br>Department of Diagnostic Radiology<br>The University of Hong Kong                                    | <b>Advances in paediatric cancer imaging</b>   |
| <b>Dr. Samuel Lau</b><br>Associate Consultant<br>Department of Radiology & Imaging<br>Queen Elizabeth Hospital  | <b>Imaging in rectal carcinoma</b>   |

We hope that members and Fellows from our College will support the event.

Further details of the Congress are available at their website:

<http://www.ams.edu.sg/41SMCM/index.cfm>

We look forward to seeing you at the scientific sessions and celebrations at this Congress.

## Did you notice.....

While our newsletter is publishing behind the schedule, I must say that colleagues at the Royal College of Radiologists have done a wonderful job. In fact, they not only publish their newsletters on schedule, but well ahead of the schedule!

*Editor*
