1. In the last calendar year (July 2013 – June 2014), a total of 5 issues of the Journal were published (Volume 16.3, 16.4, 16.4 Supplement, 17.1 & 17.2), in keeping with the target.

2. The latest issue, volume 17.2 was published in June 2014. A total of 63 issues have been published since the first publication of the Journal in 1998.

3. Vol. 16 No. 4 Supplement (with review articles from invited speakers participating in the Fourth Oncology Forum of Hong Kong co-hosted by the College) had been published and distributed to our members in February 2014. This issue was fully reimbursed with extra advertisement fees contributed by Roche Hong Kong Limited.

4. The Editorial Board supported to attempt application for MEDLINE Indexing this year. The Editor-in-Chief had completed the online submission of application for MEDLINE
Indexing on 13 June 2014. The printed copy of 4 past issues (Vol. 16 No. 3 & 4 and Vol. 17 No. 1 & 2) had also been sent to Literature Selection Technical Review Committee (LSTRC) Scientific Review Administrator of National Library of Medicine for LSTRC review by courier on 13 June 2014. The Board members had invited experts in the field to contribute review articles to boost up the article stock in the coming year.

5. Article submission for the Journal is continued to be on healthy trend. We continue to invite authors submitting abstracts to the Annual Scientific Meeting (ASM) to submit to a full manuscript to contest for the award of “The Best Original Paper for Hong Kong Journal of Radiology”. We had received a total of 14 articles for 2013 Annual Scientific Meeting. The award finally went to the first author of the manuscripts entitled “Computer-aided assessment of spinal inflammation on MR in spondyloarthropathy” by Dr. LEE Ka Lok Ryan, Department of Imaging and Interventional Radiology, Prince of Wales Hospital.

6. At the 5th Joint Scientific Meeting of The Royal College of Radiologists and Hong Kong College of Radiologists and 21st Annual Scientific Meeting of HKCR 2013, the 2 awards of “The Best Original Article for Volume 15” and “The Best Case Report of Volume 15” went to the first authors of “Concurrent Cetuximab and Radiation Therapy in Patients with Locoregionally Advanced Head and Neck Cancer” by HC Cheng et al from the Department of Clinical Oncology, Queen Elizabeth Hospital, Hong Kong and “Late Isolated Regional Lymph Node Recurrence of Dermatofibrosarcoma Protuberans of the Abdominal Wall” by YK Chik et al from the Department of Clinical Oncology, Queen Elizabeth Hospital, Hong Kong. The results were announced and awards presented to the awardees at the meeting. Both authors were awarded a waiver of registration fee of 2013 Joint Scientific Meeting.

7. The Journal continued to provide two selected articles per issue for Continuing Medical Education (CME) and Continuous Professional Development (CPD) for Fellows of the Hong Kong College of Radiologists. Fellows can pursue self-study CME/CPD by directly answering the questions set by the editors on the International Network for Continuing Medical Education & Continuous Professional Development (iCMECPD) electronically.

8. Prof. Winnie Chiu-Wing Chu’s appointment as Editor-in-Chief and Dr. Roger Kai-Cheong Ngan’s appointment as Deputy Editor-in-Chief was renewed for a term of 3 years, respectively. Drs. Yu-Leung Chan, Ting-Kun Au Yong, Sin-Ming Chow, Prof. Pek-Lan Khong’s appointments as Associate Editor were renewed for a term of 3 years. Dr. Wai-Tong Ng (CO) was newly appointed as Associate Editor for a term of 3 years.

9. With a view to enhancing the standard and accuracy of the language of the Chinese abstracts for Oncology papers, Dr. Cathy XB Qiu (Chinese Radiation Oncologist of Kiangwu Hospital in Macau) was newly appointed as Honorary Chinese Translator for our Journal.

10. A total of 6 new reviewers were recruited in the past calendar year to enhance the breadth and depth of the expertise to serve the reviewing process of the submissions in the last calendar year. Considering the small pool of reviewers, the Editorial Board
endorsed to change the eligibility criteria of a reviewer from 3 years of post-Fellowship career to 2 years. The Junior Editors would be invited to be reviewers automatically once they had fulfilled the above eligibility criteria. With reference to other Journals’ appointment of reviewer on a lifelong basis, the Editorial Board resolved to change for unlimited years of appointment terms for reviewers of our Journal with immediate effect from February 2014.

11. A total of 6 new Junior Editors, Drs. Lydia Wai-Yee Chan, Janice Wong-Li Yu, Simon Sin-Man Wong, Ryan Chi-Hang Nung, Jacqueline Ching-Man Sitt and Anthony Kwun-To Leung, were recruited in order to enhance the academic interest and research skills of young radiologists.

Mukherji (RD), RH Reznek (RD), William Mendenhall (CO) and Nancy Mendenhall (CO)’s appointments as International Honorary Advisors were renewed for a term of 2 years. Prof. Edward L.W.
