REPORT FROM
EDITORIAL BOARD OF HONG KONG JOURNAL OF RADIOLOGY
2015 - 2016

Editorial Board membership as at 30 June 2016

Chief Editor: Prof. Chu Chiu Wing Winnie (RD)
Deputy Chief Editors: Dr. Ngan Kai Cheong Roger (CO)
                  Dr. Yuen Ming Keung (RD)
Associate Editors:  Dr. Au Yong Ting Kun (NM)
                Dr. Chan Tao (RD)
               Dr. Chan Yu Leung (RD)
              Dr. Cheung Chi Wai Stephen (RD)
            Dr. Choi Pak Tat Frankie (NM)
           Dr. Chow Sin Ming (CO)
          Prof. Khong Pek Lan (RD)
         Prof. Kwong Lai Wan Dora (CO)
        Dr. Ng Wai Tong (CO)
       Dr. Poon Wai Lun (RD)
      Dr. Wang Ki (RD)
     Dr. Wong Chi Sing Frank (CO)

Trainees of Editorial Board: Dr. Chan Fong Ting Michelle (CO)
                            Dr. Cheng Hei Man Joyce (RD)
                            Dr. Dai Yuk Ling Eunice (RD)
                            Dr. Fung Sin Yue Cindy (RD)
                            Dr. Kung Boom Ting John (NM)
                            Dr. Law Ka Chai Eric (RD)
                            Dr. Szeto On Yee Michelle (CO)
                            Dr. Tse James Chi Hon (RD)
                            Dr. Wong Kin Hoi (RD)

1. In the last calendar year (July 2015 – June 2016), a total of 4 issues of the Journal were published (Volume 18.3, 18.4, 19.1 & 19.2), in keeping with the target.

2. The latest issue, Volume 19.2 was published in June 2016. A total of 71 issues have been published since the first publication of the Journal in 1998.

3. The Journal Review Summary about the failure of our Journal MEDLINE application submitted in June 2014 was received from Literature Selection Technical Review Committee (LSTRC) in March 2016. Various issues were discussed by the Editorial Board for improvement in the previous review and strategic plan for next MEDLINE application. The following changes in the Journal would be adopted to strive for the betterment of our Journal and publication, expanding our scope of readership and our support in academic radiology:
a) The photos and affiliations of the Editorial Board members would be added on the HKJR website and the title of “Junior Editors” had been changed to “Trainees of Editorial Board”.

b) The articles categories had been revised by introduction of “brief communication” including case series, post radiological / oncology meeting commentary and also to restrict the number of abstracts, texts, tables, figures and references, in order to encompass the interests in all the fields of radiology including diagnostic radiology, interventional radiology, nuclear medicine and clinical oncology. Articles relating to post-meeting commentary, update on new imaging or therapeutic advances, brief description of a specific technique or procedure or new equipment can be submitted to the Journal under this new category. Teaching exercise describing a certain radiological or radiotherapeutic technique for trainees or practicing radiologists is also welcome.

c) Writing an Editorial on the articles selected would be included in each issue of the Journal and to have periodic issues with specific focus on a certain disorder / body system, in which there are invited reviews, original articles, pictorial reviews and case reports. Two specific issues with the theme of “Paediatric Imaging” and “Woman Imaging and Oncology” were planned for 2016 Vol. 19 No. 3 and Vol. 19 No. 4, respectively.

d) To further enhance the electronic exposure of our Journal and to encourage faster knowledge exchange, full text of all publications in the Journal including the latest issue, could be accessed by global readers without specific login.

e) A web-based manuscript submission system would be launched and to be effective on 1 August 2016. With this electronic system, we aimed to provide a more efficient way for manuscript tracking during the peer review and editorial process.

f) The Journal targeted to publish more original articles and review articles. Fewer case reports would be accepted unless they included extra-ordinary unique features which were not previously described. The Journal would also adopt a tight control of ethical policy for all original articles. Authors would be asked to declare their conflict-of-interest, and provide statements about approval from institutional review board and patient consent whenever applicable, during the submission process. The implementation of the above policy would be facilitated by aforementioned newly launched web-based manuscript submission system.

4. Article submission for the Journal is continued to be on healthy trend. We continue to invite authors submitting abstracts to the Annual Scientific Meeting (ASM) to submit to a full manuscript to contest for the award of “The Best Original Paper for Hong Kong Journal of Radiology”. We had received a total of 22 articles for 2015 Joint Scientific Meeting. The award finally went to the first author of the manuscripts entitled “Ultrasound-guided synovial tru-cut biopsy: Indications, technique and outcome in 111 cases” by Dr. SITT Ching Man Jacqueline, Department of Imaging and Interventional Radiology, Prince of Wales Hospital.

5. At the 6th Joint Scientific Meeting of The Royal College of Radiologists and Hong Kong College of Radiologists and 23rd Annual Scientific Meeting of HKCR 2015, the 2 awards
of “The Best Original Article for Volume 17” and “The Best Case Report of Volume 17” went to the first authors of “Ultrasound-guided Percutaneous Radiofrequency-assisted Breast Excision to Remove En-bloc Specimens: Five Years’ Experience” by LMF Tee et al from the Department of Diagnostic and Interventional Radiology, Kwong Wah Hospital, Hong Kong and “Pseudoaneurysm of the Internal Iliac Artery: a Rare Cause of Bilateral Lumbosacral Plexopathy” by SF Low et al from the Departments of Radiology and Medicine, Universiti Kebangsaan Malaysia Medical Centre, Kuala Lumpur, Malaysia. The results were announced and awards presented to the awardees at the meeting. Both authors were awarded a waiver of registration fee of 2015 Joint Scientific Meeting.

6. The Journal continued to provide two selected articles per issue for Continuing Medical Education (CME) and Continuous Professional Development (CPD) for Fellows of the Hong Kong College of Radiologists. Fellows can pursue self-study CME/CPD by directly answering the questions set by the editors on the International Network for Continuing Medical Education & Continuous Professional Development (iCMECPD) electronically.

7. Dr. Ming-Keung Yuen’s appointment as Deputy Editor-in-Chief was renewed for a term of 3 years. Drs. Stephen Chi-Wai Cheung, Tao Chan, Frank Chi-Sing Wong, Ki Wang, Frankie Pak-Tat Choi, Wai-Lun Poon and Prof. Dora Lai-Wan Kwong’s appointments as Associate Editor were renewed for a term of 3 years.

8. A total of 4 new reviewers were recruited in the past calendar year to enhance the breadth and depth of the expertise to serve the reviewing process of the submissions in the last calendar year.

9. A total of 6 new Trainees of Editorial Board, Drs. Joyce Hei-Man Cheng (RD), Eunice Yuk-Ling Dai (RD), Eric Ka-Chai Law (RD), Michelle On-Yee Szeto (CO), James Chi-Hon Tse (RD) and Kin-Hoi Wong were recruited in order to enhance the academic interest and research skills of young radiologists.

10. Profs. Suresh K. Mukherji (RD) and R.H. Reznek (RD)’s appointments as International Honorary Advisors were renewed for a term of 2 years.

The list of the International Honorary Advisors as on 30 June 2016 is as follows:

<table>
