With the growing escalation of the COVID-19 pandemic around the world and the universal uncertainty, our Organising Committee, supported by the Asian Oceanian Society of Radiology (AOSR), has decided to postpone the Asian Oceanian Congress of Radiology (AOCR) which was to be held from 23rd to 26th July 2020 to 1st to 4th July 2021.

Our highest priority is to ensure the health and safety of our delegates, sponsors, speakers and invited guests while delivering great educational content to the participants. This decision to postpone is made in light of Malaysian government advisory on mass gatherings and travel restrictions worldwide.

Prior to the COVID-19 pandemic, Malaysia was given the honour to host the 18th AOCR 2020 and Japan was to host the 19th AOCR 2021. However, due to the unexpected situation that does not permit us to continue organising the congress in 2020, Malaysia will now be hosting the 19th AOCR in July 2021, after Japan.
